A Member of UKTFA

We are independent designers who provide design & engineering solutions to architects, self build and developers of modern design timber structures.

Give your design the respect it deserves — we can advise at the earliest stage possible and make your aspirations a reality.

We have close working relationships with some of the UK's leading engineers & manufacturers and will guide you from concept to completion.

You can be assured that your design will receive our full attention and expertise, to enable your dream home become reality.

QUALITY BY DESIGN
